SUMMARY

Synopsis:
The Lincoln PD (LPD) reported a threatening fax received by Nebraska Senator Ben Nelson's office.

Sensitive Investigative Matter

Facts of Incident:
On 01.07/2010, SA [REDACTED] received an email from LPD Inv [REDACTED] attaching two files pertaining to two separate incidents (one a harassing voice-mail message and the other a threatening fax received by Senator Ben Nelson's Lincoln office). The facts of this complaint will pertain to threatening facsimile received.

On 01/06/2010, Sen. Ben Nelson's office contacted and reported to the LPD that on 12/24/2009, at 11:17 a.m., the office received a two page fax from [REDACTED] dated 12/24/2009 10:16:19 am. [REDACTED] listed his email as [REDACTED]@elsiecomm.net and the fax showed it came from [REDACTED]. The content of the fax read "from a voter in Nebraska, as of today, you are dead meat." Sen. Nelson's office indicated they were disturbed by the content of the fax and after checking their records advised that they have had previous correspondence with [REDACTED] in the form of faxes and letters, but none were threatening in nature. The LPD placed a copy of this fax into property potential evidence.
b6
b7C

A copy of the email received from Inv [REDACTED] and copy of the threatening fax received by Sen. Nelson's office is being included as an attachment to this complaint.

On 01/08/2010, SA [REDACTED] telephonically notified SA [REDACTED] U.S. Capitol Police, Threat Assessment Section, 119 D Street NE, Washington, DC 20510, [REDACTED] of said complaint information. SA [REDACTED] was forwarded the email from the LPD, which included attachments pertaining to both threats to Sen. Nelson's office. SA [REDACTED] indicated they would do a threat assessment on this matter and re-contact the FBI with their findings and recommendations.

On 01/08/2010, AUSA [redacted] advised that the Nebraska U.S. Attorney's office would like [redacted] contacted.

On 01/11/2010, SA [redacted] re-contacted the FBI and advised that their threat assessment did not show an immediate credible threat as to this matter (see attached email from SA [redacted] dated 01/11/2010). SA [redacted] did request that someone contact and interview [redacted] and if notify them of the results.

Re: 89A-LS-74261, 02/26/2010

Verbal authorization was granted by SSA [redacted] CDC [redacted] and A/ASAC [redacted] to proceed with a Full Investigation. The following investigative techniques were utilized to identify the caller:

The voice mail caller identification utilized at Senator BUNNING's Louisville Office recorded the incoming telephone number of the threatening call as [redacted]. A check through open source databases was conducted and returned a result for a similar number, identifying the subscriber of [redacted] as [redacted]. A records check of [redacted] provided no wants/warrants or other connections to [redacted].

b6
b7C

A continued search through open source databases returned no subscriber information but identified the service provider for [redacted] as SBC, an AT&T owned company. An Emergency Request for Assistance for subscriber information was sent via facsimile to AT&T with negative results; the number was not serviced by AT&T. A call to the number revealed a prepaid service to recharge cellular phone minutes, in Spanish, with the location ultimately determined to be in Salt Lake City, Utah.

The main telephone trunk line, which was identified to be the number dialed to reach Senator BUNNING's office, was [redacted]. A Request to AT&T For Customer Communication Records, for the above referenced telephone number, was sent via facsimile for all telephone numbers received from one hour before through one hour after the recorded voice mail threat. Only one telephone number matched the approximate time and length of the threatening telephone call and was identified as [redacted]. Through an open source internet search, the service provider was identified as NEXTEL/SPRINT.

b6
b7C

A Mandatory Information for Exigent Circumstance Request was sent via facsimile to SPRINT with negative results. The phone number was identified as a routing number and has not been assigned to a customer since 2004.

The systems manager for BUNNING's office, [redacted] was contacted. She identified a second trunk line to the office, [redacted] as an additional possible number dialed by whomever made the threatening phone call. The system manager stated she is authorized to request toll records from AT&T and voluntarily agreed to request and forward the records for April 26, 2010 from 10:00am to 12:00pm to the FBI, Louisville Division.

THREATENING PHONE CALL
TO U.S. SENATOR BUNNING

On 02/26/2010, at approximately 11:18 a.m., a voice mail was recorded at Senator JAMES BUNNING's Louisville, Kentucky office from a telephone number captured as [REDACTED] A transcript of the call is as follows:

b6
b7C

"Uh, Senator BUNNING, you mother-fucker, if I lose my unemployment benefits, you know, I'm gonna blow your fucking head off your head. You mother-fucker, and you know what, I'm comin' after your fucking family. If I lose my health insurance, my COBRA and my unemployment, you mother-fucker, because of an asshole basketball game, I'm comin' after you, you mother-fucker. You hear me?"

Following the receipt of this call, the Louisville Division conducted logical investigation concerning this matter. The incoming telephone number of the threatening call was identified as [REDACTED] A check through open source databases was conducted and returned no subscriber information but identified the service provider as SBC, an AT&T owned company. An Emergency Request for Assistance for subscriber information was sent via facsimile to AT&T with negative results; the number was not serviced by AT&T. A call to the number revealed a prepaid service to recharge cellular phone minutes, in Spanish, with the location ultimately determined to be in Salt Lake City, Utah.

b6
b7C

The main telephone trunk line, which was identified to be the number dialed to reach Senator BUNNING's office, was [REDACTED] [REDACTED] A Request to AT&T For Customer Communication Records, for the above referenced telephone number, was sent via facsimile for all telephone numbers received from one hour before through one hour after the recorded voice mail threat. Only one telephone number matched the approximate time and length of the threatening telephone call and was identified as [REDACTED] Through an open source internet search, the service provider was identified as NEXTEL/SPRINT.

BUNNING THREATENING PHONE CALL

A Mandatory Information for Exigent Circumstance Request was sent via facsimile to SPRINT with negative results. The phone number was identified as a routing number and has not been assigned to a customer since 2004.

The systems manager for BUNNING's office, [redacted] was contacted. She identified a second trunk line to the office, [redacted] as an additional possible number dialed by whomever made the threatening phone call. The system manager stated she is authorized to request toll records from AT&T and voluntarily agreed to request and forward the records for April 26, 2010 from 10:00am to 12:00pm to the FBI, Louisville Division. Details: On Friday, 3/19/2010, the FBI, Boise RA, Salt Lake City Division, was contacted telephonically by a staffer at the Meridian, Idaho office of U.S. Representative Walt Minnick (D), 1st District of Idaho. [redacted] Staff Assistant, work [redacted] advised writer that Rep. Minnick's office had received a typed threat letter in the mail. The letter was postmarked on 3/17/2010 in Boise, Idaho and received at Rep. Minnick's office on 3/18/2010. Rep. Minnick's office is housed in the City Hall of Meridian building, 33 Broadway Avenue, suite 251, Meridian, Idaho 83642.

[redacted] e-mailed a scanned copy of the envelope and three-page letter to writer at the Boise RA. Writer immediately forwarded the e-mail to the U.S. Secret Service office in Boise, Idaho, to SAs [redacted] and [redacted]. Writer contacted SA [redacted] by phone, and writer and SA [redacted] responded to Rep. Minnick's office. Writer and SA [redacted] contacted SA [redacted] USPS, and provided him with a copy of the letter and envelope.

b6
b7c

The envelope and letter were typed, possibly on a computer, and no hand writing appears on the envelope or in the letter. The white envelope had a "Liberty Bell" first class stamp on it, and the return address area had the typed phrase:

"The voice of the American People"

The letter was addressed to:

"The Honorable Mr. Minnick
33E. Broadway Ave.
Meridian, ID 83642"

The three-page letter is typed in bold font, is not dated, and has no opening nor closing salutation. On page two of the letter are three images of reticles (cross hairs) from a rifle scope. In the opening paragraph, the letter writer claims

The writer of the letter does not mention Rep. Minnick by name, but does mention President Obama, AG Holder, and "Weiner *, Dodd, Pelosi, Lincoln, Frank, Stupak, Reid, Grayson***, Salazar, Titus, Shea-Porter, Himes, Kilroy, Dahlkemper, Clayburn, .. [redacted] It is unknown why the one asterisk was placed next to the last name "Weiner," and why three asterisks were placed next to the last name "Grayson." The

letter writer alleges that he/she is part of a small group, and that "if you are a supporter of the progressive agenda being pushed by Mr. Obama, and King and Queen Reid and Pelosi," then you risk death. The letter indicates the complaint by the "group" is not with any one particular political party, but any person that supports Health Care, Cap and Trade, the "takeover of our Education system," etc. risks death of himself/herself and their family. Of concern to Rep. Minnick's staff was the phrase: "Vote in favor of progressive liberal programs and DIE in the near future or distant future make no mistake we will come for you, take the wife out to dinner risk getting shot, take the kids to soccer practice risk getting shot..." [redacted] advised that Rep. Minnick has family members that play soccer, and the above threat about killing family members at "soccer practice" was unnerving.

The letter writer also implied that he/she (or the "group") had a .50 caliber weapon: "Keep up this insanity and we will make an appointment for you to meet Mr. Barrett he can reach out and touch you up close and personal." Agent's note: The Barrett Firearms Company makes and markets numerous .50 caliber rifles that are accurate and lethal to distances over one mile.

Also of concern to Rep. Minnick's Communication Director, [redacted] was a scheduled protest the following day, Saturday, 3/20/2010, outside City Hall against Rep. Minnick. Ferguson advised that Rep. Minnick consistently stated that he opposed the Health Care Reform Act Bill and was voting "No," but the RNC and others had mistakenly claimed that Rep. Minnick supported the bill. [redacted] was concerned that [redacted] a Nampa, Idaho resident and political blogger/activist, planned to be at the 3/20/2010 protest. [redacted] told the media (Idaho Statesman newspaper) on 3/19/2010 that they (the protesters) intend to be "militant." There is no information to suggest that [redacted] or any area protesters were connected to the mailing of the threat letter.

b6
b7c

Writer and SA [redacted] learned from Rep. Minnick's staff that Rep. Minnick was in Washington, D.C. until 3/27/2010, when he would be returning to Idaho. Rep. Minnick has smaller offices in Caldwell, Lewiston, and Coeur d'Alene, Idaho, and none of those offices had received threat letters. Rep. Minnick's staffers were advised to alert the City Hall mail room to be cognizant of any further threat letters or suspicious letters/packages.

Details: An exhaustive investigation was conducted in which no viable suspects were revealed through a joint investigation with the U.S. Postal Inspectors regarding the origination of the letter. Examinations were conducted by the Chemistry Unit, Trace Evidence Unit, Questioned Documents Unit, Latent Print Operations Unit and Nuclear DNA Unit of the FBI Laboratory. The succinct results of those examinations from the respective units were that no visible powder was observed; there were no human hairs or fibers found in the envelope or on the letter; no marks, writing or physical characteristics were observed that might indicate a source, the hand printing is not suitable for comparison due to the distorted nature of the writing and no similar letters had been found on file; no latent prints of value were detected; and the typing results obtained not only did not satisfy the Nuclear DNA Unit reporting criteria, therefore, no conclusion was offered, but is also not suitable for matching purposes, only

On March 26, 2010, the Erie Times News printed the above reported and one additional threat to Dahlkemper. An E-mail to Dahlkemper's office stated, in all capital letters, "The wrath of god is on you now! The Karma has begun and it is tenfold on those who betray his people and its country. On March 31, 2010 [redacted] provided several pieces of correspondence that were not previously reported. Agents, in conjunction with the United State Attorneys office, reviewed the material and determined that none of the threats rose to the level necessary for Federal prosecution. Identifying information collected from the correspondence was checked for any connections with other FBI investigations with negative results.

On April 9, 2010 SA [redacted] of the Erie RA made contact with Congresswoman Dahlkemper. Dahlkemper advised she was not overly concerned with the negative correspondence and felt that if someone wanted to harm her, they would probably act without providing written notification. [redacted] provided Dahlkemper with his contact information and encouraged her and her staff to notify the FBI of any further messages they receive.

Synopsis: To request the captioned case be opened.

Enclosure(s): One copy of an FD-71 reflecting the complaint received from [redacted], Director, Congressman Jim Costa's office on 4/01/2010; A one page transcript of six voice mail messages from the unknown subject.

Details: Between March 29, 2010 and April 1, 2010, approximately seven (7) harassing and/or threatening phone calls were received from an unknown man to the office of Congressman Jim Costa in Fresno, California. All but one of the calls were received after hours and resulted in voice mail messages being left on the office's phone line, [redacted]. More details regarding the calls are included in the enclosed FD-71 and call transcript.

On 4/01/2010, writer spoke with [redacted] District Director of Congressman Jim Costa's office. She advised that Congressman Costa felt threatened by the phone calls because the caller referenced his desire to "drag [his] fucking ass out to the west side" if he came to Rolinda and Kerman. hosted by [redacted] a friend of Congressman Costa. Congressman Costa isn't aware of the party the caller mentioned.

Congressman Costa believes it is possible that the caller knows him, or some of his associates, because of the reference to [redacted]. They are also concerned because the cities mentioned by the caller are close to where Congressman Costa grew up. [redacted] advised that both Congressman Costa and [redacted] listened to the voice mail messages, but neither recognized the caller's voice. b6 b7C

When asked about any possible motives for the timing of the calls, [redacted] mentioned the recent passing of the health care reform bill in Congress. Due to the elapsing of approximately one week between the health care bill passage and the calls, [redacted] was asked to consider any other possible motives. [redacted] advised that there a recent allocation of water to the West Side last week and the week prior. [redacted] advised that Congressman Costa supported the allocations. Writer believes this is an unlikely motive for the calls due to the fact that the water allocations would be well received by almost all residents of the area.

Writer advised [redacted] to report the calls using AT&T's Annoyance Call Bureau unit. Writer contacted AT&T to determine what information can be provided by this unit. [redacted]

[redacted] Writer was advised that this would not provide any information on past calls. Writer provided this information to [redacted] and told her to be prepared to receive a call from AT&T in the near future. [redacted] was also advised of AT&T's call trace feature, which allows the last call to be traced using the *57 if another call is received during business hours. b3 b6 b7C b7E

Assessment Findings:

On 10/07/2010, [redacted] was contacted. He admitted he called Sen. McCain's office and was angry when he called. He denied making threatening calls to the Senator said, "Prove it." He said he was just frustrated because McCain had seized his bank accounts. [redacted] explained in 1974, he cashed in 400 to 500 pounds of gold in Stevens Point, WI. With that money, he bought some real estate in Hales Corners and Greenfield, WI. He said he was shot in the head and had been in Phrasier Hospital in Wauwatosa, WI. He said in 1982, he was in Operation Desert Shield and had been shot in the head there too. [redacted] said he was a tank gunner and an infantry man. He stated he was also a musician and that was how he met and married Brooke Shields. They were married in Las Vegas; however, she was a lying bitch. [redacted] said he also knew Alice Cooper and dated Pat Benetar. [redacted] stated he was also a cameraman for NBC. He said he had worked for the Greenfield, Wisconsin Police Department, and had worked for the Rusk County Sheriff's Department (RCSD), Ladysmith, Wisconsin. (I was accompanied by the RCSD Chief Deputy and [redacted] claim of employment with the RCSD was untrue.) [redacted] said he knew Barack Obama when they were growing up in Wisconsin. [redacted] also said he owned property near the Flambeau River, next door to Alex Trebek (the game show host). He sated he had been on the Russian Space Station and had been rescued by them. [redacted] pilot diverted the plane and they wound up in space.

b6
b7C

[redacted] said he was not threatening Senator McCain. He was just frustrated that McCain had seized his bank accounts. [redacted] said his comment about someone moving his hand when he pointed the gun to shoot McCain referred to an incident at a campground near Cornell, WI several years ago. A gun had been glued to [redacted] left hand and McCain had started a riot at the campground. During the riot, McCain was shot.

[redacted] was asked not to bother the Senator any more.

[redacted] was disheveled in appearance and delusional. When surprise at the unbelievable nature some of his comments was demonstrated, he became agitated and angry that he was not being believed.

On October 8, 2010, First Assistant United States Attorney (FAUSA) [redacted] United States Attorney's Office, Western District of Wisconsin, Madison, Wisconsin, was contacted and advised of the results of contact with [redacted] FAUSA [redacted] stated it appeared this situation was a mental health issue and was not something which should be handled in the criminal justice system. FAUSA [redacted] stated he would decline prosecution of this matter due to insufficient evidence of a serious threat, the case lacked prosecutive merit and it was something which would be better handled by local authorities.
